EDUCATION

Doctoral Student, Molecular, Cellular, and Organismal Biology *September*
2020-Present

University of Massachusetts Boston

Master of Science, Cell, and Molecular Biology *November 2018-*
November 2019

University of Lagos, Lagos, Nigeria

Bachelor of Science, Cell Biology and Genetics *September 2011-*
November 2015

University of Lagos, Lagos, Nigeria

PROFESSIONAL EXPERIENCE

International Rice Research Institute (IRRI) *May 2024*
– Present

Doctoral Researcher, Rice Breeding and Innovation

- AI-based trait mapping for iron deficiency tolerance under DSR conditions

University of Massachusetts Boston *September*
2021-Present

Teaching Assistant, Department of Biology

- Genetics (BIOL 252) and General Biology (BIOL 111) teaching assistant.

University of Massachusetts Boston *January*
2021-Present

Research Assistant, Department of Biology

- Investigating pleiotropy and adaptation in *Helianthus argophyllus* or Silverleaf sunflowers.
- Investigating the Genetic and Environmental Basis of Seed Trait Variation in *Oryza sativa*.
- Genome-wide association Studies and seed phenotyping of USDA rice diversity panel.

University of Lagos, Lagos, Nigeria *November*
2020-Present

Assistant Lecturer, Department of Cell Biology and Genetics

- Cell Biology and Cell Physiology Tutor.

University of Lagos, Lagos, Nigeria *April 2018-*
November 2020

Graduate Assistant, Department of Cell Biology and Genetics

- Teaching day and evening classes

- Research
- Setting and conducting examinations
- Marking of examination scripts

Abubakar Tafawa Balewa University, Bauchi, Nigeria
 December 2017

July 2017-

Teaching and Research Assistant, Department of Biology

- Characterizing morphological variations in Fonio millets.
- Preparation of Laboratory Specimens
- Preparation of course materials
- Grading of assignments, laboratory sessions, and exams
- Proctoring exams

AWARDS AND RECOGNITION

- Global Rice Research Foundation (GRRF) Leadership Award (\$7,150) (2024).
- International Rice Research Institute (IRRI) MSI Scholarship by USAID (~ \$45,000) (2023).
- UMass Boston Nancy Goranson Endowment Fund (\$735) (2023).
- Best Poster Presentation Economic Botany Section - Botany 2023, Boise, Idaho.
- Association for Women in Science (AWIS) Distinguished Dissertation Research Scholarship (\$10,000) (2023).

- Corteva Showcase Award (2023).
- Botanical Society of America (BSA) Genetics Section Student Travel Award (\$500) (2023).
- American Society of Plant Biologists (ASPB) Recognition Travel Award (2023).
- Herbert Lipke Memorial Endowment Fund (\$1,000) (2023).
- Cold Spring Harbor Laboratory (CSHL) Financial Award for course attendance (\$3,000) (2023).
- Honorable Mention by Graduate Women in Science (GWIS) National Fellowship (2022).
- Genetics Society of America (GSA) DeLill Nasser Award for Professional Development in Genetics (\$1,000) (2022).
- American Association of University Women (AAUW) International Doctoral Fellowship (\$20,000) (2022).
- Summer Institute of Statistical Genetics (SISG) Scholarship Recipient (2021)
- EducationUSA Opportunity Fund Scholar (2019).
- Dr. D.K Olukoya Academic Award of Excellence (2019).
- First Class Honors (2016).
- University of Lagos Endowment Award for Academic Excellence (2012/2013, 2013/2014, 2014/2015).
- Mountain of Fire and Miracles Ministries Acknowledgement of Academic Excellence (2013/2014).
- Science Student Fellowship (SSF) Award for Academic Excellence (2012/2013).

WORKSHOPS AND TRAINING ATTENDED

- Cold Spring Harbor Laboratory (CSHL) Frontiers and Techniques in Plant Science: An intensive overview of topics in genomics, genetics, physiology, biochemistry, development, and evolution and hands-on experiences in molecular, imaging, computational and high throughput approaches to understanding plant biology. (June 29th – July 20th, 2023).
- Rice Research to Production Course (RR2P) by IRRI Education: This course covered the basics of rice production, an overview of the changes and challenges in the rice industry from production to market, advancements in rice breeding, and new innovations in rice science. (July 16th – August 5th, 2022).
- Research Coordinated Network (RCN) for Evolution in Changing Seas: In this program, the RCN seeks to provide training to students at the undergraduate or graduate level (“mentees”) by participating in lab meetings of a research group that shares their interests. (October 2021 – May 2022).
- University of Washington Summer Institute of Statistical Genetics: A training to strengthen the statistical and genetic proficiency of scholars from all backgrounds. (6th – 17th July 2021).
- Train the trainers' program: A 3-day workshop on Global Teaching Practices organized by the Association of Massachusetts Institute of Technology Trained African University Lecturers (AMTAUL), University of Lagos Chapter. (28th – 30th January 2020).
- DNA Basics Workshop organized by the Department of Cell Biology and Genetics, University of Lagos. (9th -13th September 2019).

OUTREACH ACTIVITIES

Massachusetts Science and Engineering Fair

- **Judge**

- Judged Massachusetts Region IV high school science fair.

March 2023 –

Present

Strong Women Strong Girls (SWSG) Boston

November 2021

– Present

- **College Mentor**

- Mentor female undergraduates at the University of Massachusetts Boston.

I Can Persist STEM Initiative (ICP-STEM)

August 2021 –

May 2022

- **Scholar**

- Organized programs to help support female students of color in STEM fields

EducationUSA Lagos

October 2019

– Present

- **Scholar**

- Reviewed applications for the Opportunity Funds Program (OFP) for the 2020/2021 cohort.
- Mentor and guide students on graduate school applications.
- Gave a talk on “Landing External Funding” during the 2022 graduate boot camp.
